

Ayman Ghonim

Frontend Developer (React.js)

Phone:+201228600736 **Email:**aymanmando367@gmail.com **Location:**Tanta, Gharbia, Egypt

LinkedIn:<https://www.linkedin.com/in/aymanghonim2004>

PROFESSIONAL SUMMARY

Junior Frontend Developer specializing in React.js with hands-on experience building responsive and user-friendly web applications. Strong knowledge of JavaScript (ES6+), component-based architecture, and API integration. Passionate about applying UI/UX principles to deliver clean, efficient, and visually appealing interfaces. Eager to contribute to a collaborative team environment and grow within a professional software company.

TECHNICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript
 - React.js: Functional Components, Hooks (useState, useEffect, useContext, useMemo, useCallback), Custom Hooks
 - State Management: Redux, Redux Toolkit, Context API, Zustand
 - Routing: React Router
 - Styling & UI: Tailwind CSS, Material UI, Bootstrap, CSS Modules, Styled Components
 - API Integration: REST APIs, Axios, Fetch API
 - Build & Tools: Vite, Webpack, npm, yarn, Git, GitHub
 - Testing: Jest, React Testing Library
 - Performance: Code Splitting, Lazy Loading, Memoization
 - Other: Responsive Design, Accessibility (A11y), Form Handling, JWT Authentication
-

PROJECTS

Movie App | React.js

- Developed a responsive movie application using React.js.
- Integrated a movie REST API to display trending and popular movies.
- Implemented dynamic routing for movie details pages.
- Built reusable components following clean code practices.

Bakery Website | React.js

- Built a modern and responsive bakery website with a strong focus on UI/UX.
- Created reusable React components for layout and product sections.
- Ensured full responsiveness across different screen sizes.
- Applied accessibility and performance best practices.

Weather App | JavaScript

- Developed a weather application using vanilla JavaScript.
- Integrated a weather API to fetch real-time data.
- Displayed temperature, humidity, and weather conditions dynamically.
- Implemented error handling and clean UI structure.

Magazine Site | HTML & CSS

- Developed a modern and responsive magazine website using HTML5 and CSS3.
- Created clean and organized layouts for articles, galleries, and navigation.
- Ensured full responsiveness across different screen sizes and devices.
- Applied typography and color schemes to enhance readability and visual appeal.

Study Qu Site | HTML & CSS

- Built a responsive educational website for course materials and study resources.
- Structured content with semantic HTML5 and styled with modern CSS3 techniques.
- Ensured user-friendly navigation and clear content hierarchy.
- Applied responsive design principles for optimal viewing on all devices.

Jahezly App | UI/UX Design

- - Designed a complete mobile application UI for ordering drinks and reserving cafés.
 - Created user-friendly flows for browsing menus, placing orders, and booking tables.
 - Designed wireframes and high-fidelity mockups following modern UI/UX principles.
 - Focused on usability, visual hierarchy, and smooth user experience.
 - Conducted usability considerations to ensure clarity and ease of use.
-

EXPERIENCE & TRAINING

Digital Egypt Pioneers Initiative (DEPI) - Frontend React Track

- Built dynamic and responsive web applications using React.js and Hooks.
- Implemented state management with Redux Toolkit and Context API.
- Worked with REST APIs using Axios and Fetch.
- Applied Agile/Scrum workflow and clean coding standards.

ITI Summer Training - Frontend Development (React Track) | 2025 - 2026

- Developed responsive web interfaces using React, HTML, CSS, and JavaScript.
- Focused on real-world projects and UI/UX best practices.

Mansoura University - ITC React Frontend Training | 2025

- Built scalable and interactive React applications.
- Optimized performance and wrote reusable components.

Self Academy Internship - Frontend Developer (React.js)

- Built multiple responsive web projects.
- Applied Flexbox, CSS Grid, and modern JavaScript concepts.
- Collaborated on team-based projects in a professional workflow.

Creativa Innovation Hub (NTI) - UI/UX Design Track | 2025

- Designed wireframes and high-fidelity UI designs.
- Conducted usability testing and improved user experience.

EDUCATION

Faculty of Computer Science & Information Technology

Tanta University | 2022 - 2026

GPA: 2.9

CERTIFICATES

- ITI Summer Training - Frontend Development (React Track)
 - ITC Frontend Training - Mansoura University
 - UI/UX Training - Creativa Innovation Hub (NTI)
 - Web Design Certificate - Engineers Syndicate (Damietta Branch)
